

Directions

Choose an animal as you explore our Zoo Research Page. You may use print resources and online resources to gather as much information as you can about the animal. Then create a book using one of the online tools from the Zoo Create page with help from an adult. Finally, publish your book by putting a link to it in our Zoo Gallery.

Don't forget to ask questions and share interesting facts in our Zoo Gallery Forum as you discover them along the way!

Here are some animals, but you can choose one that isn't on this list.
